

SPILL CLEAN-UP - Procedure

Basic steps to be taken in the event of a hazardous material spill:

1. Assess the situation
2. Notify Management
3. Restrict entry into the spill area
4. Control the spill
5. Begin clean-up as soon as the situation is stabilised
6. Prepare a written report of the spill

PERSONAL PROTECTIVE EQUIPMENT

Protective equipment must be worn for hazardous spill clean-up. As a minimum Nitrile Gloves or equivalent. Depending on the type & scope of the spill other protective equipment to be used can include;

Impervious Body Coveralls with Hood & Boots
Respirator, mask and / or face shield
Chemical Splash Goggles

ALWAYS MINIMISE WORKER EXPOSURE
KEEP UNAUTHORISED PERSONS AWAY
