

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

**Section 1: Identification****Product Name:** ZeoMed Range of Products**Product Name:** ZeoMed Infectious Waste Body Fluid Clean-Up Absorbent Powder**Use(s):** Adsorbs excess moisture and odour associated with body fluid spills**Manufacturer**

Machine Technology Pty Ltd t/as IDC Medical

3 Production Avenue

Kogarah NSW 2217

Phone : +61 2 9587 0232

Section 2: Hazard(s) Identification**2.1 GHS Classification**

Specific target organ toxicity – single exposure (Category 3)

2.2 GHS Label Elements

Pictogram

Signal Word: WARNING

Hazard statement(s)

H335 May cause respiratory irritation.

Precautionary statement(s)**Prevention**

P261 Avoid breathing dust

P271 Use only outdoors or in a well ventilated area

Response

P304 + P340 IF INHALED: remove victim to fresh air and keep at rest in a position comfortable for breathing.

P312 Call a POISON CENTRE or doctor/physician if you are unwell.

Storage

P403+ P233 Store in a well ventilated place. Keep container tightly closed.

Disposal

P501 Dispose of contents/container to an approved waste disposal plant.

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

Section 3: Composition/Information on Ingredients

Chemical Entity

Name	CAS No.	Proportion %
Hydrous Sodium Aluminosilicate, Natural Clinoptilolite	1318-02-1	100%

Section 4: First Aid Measures

Inhalation: Remove to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. DO NOT use mouth-to-mouth respiration.

Eye Contact: Flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating eyelids with fingertips. Seek medical attention.

Skin Contact: Flush with copious amounts of water for at least 15 minutes, remove contaminated clothing and shoes. If irritation continues after flushing seek medical attention.

Ingestion: If conscious and alert, rinse mouth and drink 2-4 cupfuls of water or milk. Seek medical attention. DO NOT induce vomiting.

Important Symptoms (acute or delayed) or Effects: Slight to moderate eye irritation. May cause skin irritation. May cause irritation of mucus membranes and the upper respiratory tract causing coughing and sneezing. Prolonged and repeated exposure to skin may cause irritation or dermatitis.

Section 5: Fire-Fighting Measures

Suitable Extinguishing Media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special hazards arising From the substance or Mixture: Nature of decomposition products not known

Advice for firefighters: Wear self-contained breathing apparatus for firefighting if necessary

Further information: No data available

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

Section 6: Accidental Release Measures

Personal Precautions: Avoid generally dusty conditions and provide adequate ventilation.

Emergency Procedures: Clean up spills immediately, using appropriate protective equipment.

Clean up Procedures: Vacuum, sweep up or absorb material and place into a suitable disposal container.

Reference to other sections: For disposal see section 13.

Section 7: Handling and Storage

Precautions for safe handling: Use dust control and protection in handling and storage.

Recommendations for Safe storage including in compatibilities: Store in a closed container in a cool and dry place to avoid slow reactions with carbon dioxide and moisture in air. Avoid storage near magnesium, aluminum Hexchloroethane, zinc chloride or strong oxidizing agents: reacts violently with phosphorus pentachloride, chlorine trichloride, or bromine pentafluoride.

Section 8: Exposure Controls/Personal Protection

Material: OSHA PEL: ACGIH TLV:

Controls: Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.

Respiratory Protection: Use EN149 or NIOSH approved respirators when necessary.

Skin Protection: Wear suitable protective gloves and clothing.

Eye Protection: Wear protective glasses or chemical safety goggles.

Other protective Equipment: None

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

Section 9: Physical and Chemical Properties

Colour / Appearance: Tan/white particle mixture

Odour: Odourless

Odour Threshold: No data available

Boiling Point: No data available

Melting Point: No data available

Flash Point: No data available

Evaporation Rate: No data available

Upper/ Lower Flammability: No data available

Flammability: Not flammable

Vapour Pressure: No data available

Vapour Density: No data available

Relative Density: No data available

Solubility in water: No data available

pH: No data available

Partition coefficient: No data available

Auto-ignition Temperature: No data available

Decomposition Temperature: No data available

Viscosity: No data available

Section 10: Stability and Reactivity

Chemical Stability: stable under normal temperature and pressure.

Other:

- **Hazardous Polymerization:** None
- **Incompatibility:** Lithium at 200°C, chlorinated rubber, linseed oil, aluminum + hexchloroethane, zinc chloride or strong oxidizing agents, reacts violently with phosphorus pentachloride, or bromine pentafluoride.
- **Decomposition Products:** Toxic gases such as metal fumes may be released in a fire.

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

Section 11: Toxicological Information

Likely Routes of Exposure: Eye and skin contact, inhalation, ingestion.

Effects:

- **Acute Health Hazards:** May cause irritation of the skin and eyes. Inhalation of dust may cause irritation of mucus membranes and the upper respiratory tract causing coughing and sneezing.
- **Chronic Health Hazards:** Prolonged and repeated exposure to skin may cause irritation or dermatitis.
- **Acute Inhalation:** EPA Category IV, non-toxic
- **Acute Dermal Irritation:** PII = 0, non-irritating
- **Acute Eye Irritation:** Moderately irritating
- **Skin Sensitiser:** Non-sensitiser

Section 12: Ecological Information

There is no data available for this product.

Section 13: Disposal Information

Dispose of in accordance with federal, state and local council regulations. Can be landfilled or incinerated, when in compliance with local council regulations.

Section 14: Transportation Information

NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS: UN, IATA, IMDG

Section 15: Regulatory Information

Additional Information None

ZEOMED (ZEOLITE)

SAFETY DATA SHEET – April 2025

**Section 16: Other Information****Revision Date: Friday, April 11, 2025**

This SDS has been prepared in accordance with the Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals - December 2016

This product has been labeled in accordance with the Code of Practice Labelling of Workplace Hazardous Chemical - March 2015

All components of this material are listed in the Australian Inventory of Chemical Substances (AICS) as per the Industrial Chemicals (Notification & Assessment Act) 1989.
