

Euro Safe 7 Litre Sharps Container

Technical Data Sheet (TDS)

QSeu 7.0

PRODUCT OVERVIEW

The Euro Safe 7 Litre Sharps Container is a square yellow medical waste sharps container with automatic day-lid operation designed for one-handed disposal of used cannulas, scalpels, blood pipettes, broken glass and swabs. Constructed from polypropylene and supplied as a high-visibility yellow medical waste container, it provides an identifiable, controlled disposal point that supports safe handling of contaminated sharps and clinical waste.

WHY THIS PRODUCT EXISTS

Sharps disposal points can present significant operational and compliance risks, including:

- Needle-stick injuries
- Tampering or unauthorised access to contaminated sharps
- Cross-contamination risks
- Incorrect disposal of sharp or contaminated clinical waste
- Compliance failures where sharps are not controlled at point of use

This container is designed to mitigate these risks by providing a purpose-built sharps disposal point matched to the application, waste type and required capacity.

PRODUCT FUNCTION

The QSeu 7.0 provides controlled containment for sharps and contaminated clinical waste. It supports:

- Automatic day-lid opening by finger pressure
- One-handed day-to-day use with secure final closure
- Installation on level surfaces, walls and station trolleys
- Clear identification of biohazard and medical waste disposal points
- Compatibility with IDC Medical QS Series sharps waste systems

KEY BENEFITS

- Reduces risk of needle-stick injuries for staff, patients and the public
- Supports safe segregation of contaminated sharps and clinical waste at point of use
- Improves compliance with clinical waste handling procedures
- High-visibility yellow finish increases hazard awareness
- Durable polypropylene construction supports reliable routine use
- Final closure features help prevent access after disposal
- Supports consistent and standardised sharps waste handling procedures

SYSTEM COMPATIBILITY

- Compatible with QSlock, QSSuc and QSwHL brackets/holders
- Integrates into IDC Medical QS Series sharps disposal infrastructure
- Suitable for clinical waste handling procedures where the nominated capacity and aperture match the waste stream

Euro Safe 7 Litre Sharps Container

QSeu 7.0

TECHNICAL SPECIFICATIONS

Specification	Details
Product Type	Seamless Injection Moulded
Product Description	Yellow Medical Waste EURO-Safe
Re-order Number	QSeu 7.0
Capacity to Fill-line	6.05 litre
Capacity to Spill-line	7.0 litre
Lid Aperture / Top Opening	75 mm x 55 mm (oval shape)
Final Closure	Red final-closing lid locks into the container opening
Application	Disposal of used cannulas, scalpels, blood pipettes, broken glass and swabs
Shape	Square
Material	Polypropylene
Construction	Seamless injection moulded sharps container with automatic day-lid opening
Dimensions (Unit)	386 mm (H) x 170 mm (W) x 170 mm (D)
Indentification	Yellow medical waste / sharps container presentation

PACKAGING & LOGISTICS

Specification	Details
Standard Pack Size	20 units per carton
Pack Weight	8 kg
Pack Dimensions	625 mm x 265 mm x 515 mm
