

INSTRUCTIONS FOR USE

ZEO-Z105

HOW TO USE

- 1 Remove the clear outer wrapping.
- 2 Do not open the internal bag. The mineral absorbent must remain sealed inside the bag.
- 3 Place the bag in any area where odour control or moisture control is required.

SUITABLE FOR USE IN

- Bathrooms
- Kitchens
- Cupboards
- Storage areas
- Vehicles
- Boats & caravans
- Clinical or utility environments
- Pet areas
- Waste storage areas

REGENERATION / REUSE

Bag of Rocks® is designed for long-term reusable performance.

When absorption capacity reduces:

- Remove the bag from service.
- Place it in a dry environment for several days, or
- Recharge naturally by placing it in direct sunlight (solar recharge).
- Once dry, the product is ready for reuse.

SAFETY INFORMATION

- Non-toxic to humans and pets.
- Keep out of reach of small children.
- Do not ingest contents.
- Do not puncture, tear, or open the bag.

DISPOSAL

Bag of Rocks® is approved for disposal with normal household waste.

PERFORMANCE NOTES

- Eliminates odours rather than masking them.
- Assists in the control of mustiness and mildew.
- Each bag remains active for many years when regenerated as directed.
